

“Best Scientific Paper Award” - HURS 2015

In honour of outstanding achievements by PhD students at the Health University, DOMFIL will award **two prizes** for the best scientific papers published by a PhD student at HU during the past calendar year (2014).

In conjunction with the ‘Health University Research Symposium’ – **HURS 2015**, which is to be held on Friday 13th March 2015, DOMFIL will award prize sums of **5000 SEK** to each PhD student.

Prizes will be awarded to two PhD students, who are the leading author of papers which express excellent scientific achievement. Nominated papers will be assessed by an independent committee of esteemed professors and peers, which includes:

- | | |
|-------------------------|---------------------------------------|
| ➤ Prof. Fredrik Elinder | – Professor of Molecular Neurobiology |
| ➤ Prof. Marek Los | – Professor of Regenerative Medicine |
| ➤ Prof. Ebo de Muinck | – Professor of Vascular Biology |
| ➤ Love Tättning | – PhD student, Orthopaedics |
| ➤ Sebastian Gnosa | – PhD student, Oncology |

Criteria for nomination

- PhD student at HU
- Lead author of the paper nominated
- Nominated paper to have been accepted for publication or published in 2014
- Note you can **nominate your own published paper!**

Nominations

– To be emailed to: scientificpaper@domfil.consensus.liu.se

Please include the following:

- PhD student’s name and e-mail address
- Attachment of the nominated paper, or state the PubMed identification (PMID)
- Short motivation as to why this PhD student and paper should win!

Nomination deadline is Friday 13th February 2015
